News Release

Release Date: August 19, 2014

LITTLE BIGHORN BATTLEFIELD ROAD PAVING PROJECT UPDATE

The park tour road and parking lots will have a complete overlay and chip seal this year. The upcoming work includes chip sealing and pavement striping August 25th to the 29th. Please be aware that when visiting the battlefield during these dates, delays may be possible. The park tour road will be closed the entire day of August 27th due to the repaving work. All other services will be open and ongoing August 27th including the visitor center, bookstore operations, 25 minute orientation film, ranger talks, and the opportunity to visit Custer National Cemetery. One hour bus tours operated by Apsaalooke Tours will be cancelled only on August 27th due to the road closure.

The resurfacing of all roads and pavement in the park is being performed by the Federal Highway Pavement Preservation Project. Damaged areas have already been repaired in advance of the resurfacing. The Federal Highways Department will complete the resurfacing project with newly painted traffic striping on the park road network.

Visitors need to be aware that temporary and short term road closures as well as single lane traffic may be encountered during road paving.

Little Bighorn Battlefield National Monument administers the site of one of the most famous battles in American history, the Battle of the Little Bighorn. For more information about this road paving project, or for general information, please call (406) 638-2621 or visit our web site at www.nps.gov/libi or on Facebook at www.facebook.com/npslibi.
